New Artwork by Erhte Jrham XVI

New painting of Shriek by Erhte Jrham XVI sells for over \$1 billion at auction. Bezalel von Bismarck was the lucky winner.

by [Erhte Jrham XVI](#) on March 02

Erhte Jrham XVI, leader of the powerful AGCAP, painted this in his sleep. He awoke this morning with it on his wall. He cut it out and framed it. He immediately put it up for auction

By early morning, the auction was well underway. Famed military genius and leader of Shriek's army Bezalel von Bismarck bought this painting for \$1,400,500,000. Nothing more is known about this strange event.

This picture was revealed to be a map to Atlantis

by **Elder Cholent Nièce** on March 01

This bizarre picture created by Shriek hundreds of years ago was discovered to be a map to Atlantis. The Atlantians helped Shriek recover from his decapitation, so he clearly knew where it was. He made this picture to remember how to find it in the future.
